

Help Out on State Natural Areas

Bluff Creek Workday

Get outside and see the beauty of Bluff Creek SNA in July. Come help volunteers during our second Saturday workdays. We'll divide into teams to cut or remove white sweet clover and wild parsnip. This work is done annually because white sweet clover and wild parsnip can displace the native plants living in the wet prairie. No skills needed you will be trained onsite.

Date: July 9th

Time: 9am-noon

Directions: Meet at Hickory Woods Group Camp. From Whitewater take Co Hwy P south past Hwy 12 to Hi-Lo Road. Turn right (west) and follow Hi-Lo to Hickory Woods Group Camp on the left. [Google map.](#)

What to wear: Dress for the weather and wear pants, long sleeves, clothes that are OK to get beat up, gloves (we will have extra), sturdy footwear, safety glasses (we will have extra). It is possible your feet might get wet so bring a pair of boots to wear if conditions are wet.

What to bring: A sharp spade (we will have extra), sunscreen, bug spray, drinking water.

Contact: We prefer you RSVP to Ginny Coburn at virginiacoburn@coburn.com or 262-441-0393 if interested so we know who to expect. But if you don't get around to notifying, show up anyway. Call Ginny if you need direction help.

Cancellation: If the workday is cancelled due to weather conditions, a message will be left on Ginny's phone at 262-441-0393 at least two hours prior to the event. If there is no cancellation message, the workday will continue as scheduled.

Next workday: August 12
